EVENT DISCOVERY PLATFORM

Stop shouting into the void. Start filling your venue.

The event discovery app that connects your venue with thousands of people actively looking for plans.

— THE PROBLEM

You pour hours into promoting your events — posting on Facebook, updating Instagram, juggling Google listings — and still, **half the seats are empty on a Tuesday night**. People in your city **want** to go out. They just don't know you exist. Your posts drown in algorithmic feeds. Tourists walking past your door have no idea what's happening inside. You're spending time on marketing instead of what you love — **running great events**.

— THE SOLUTION

Wydarzka puts your venue on a live, interactive map — visible to every user in your city who's looking for something to do **right now**.

Your venue is already on our map

We aggregate public event data from across the web. Just **claim your profile for free** — verify with a quick SMS or email, and you're in control.

Create and publish events in minutes

A simple dashboard for adding events, uploading photos, setting prices, and linking tickets. **No design skills needed**.

Push-notify your followers directly

One tap, and everyone who follows your venue gets a direct notification. **No algorithm. No pay-to-play. They see it. Period.**

— WHY IT WORKS

More people through your door

Your events are discoverable by thousands of locals and visitors actively looking for plans — not passively scrolling a feed.

Zero marketing budget

No ads to buy, no posts to boost. Push notifications reach your followers directly — for free. The reach of a campaign with the effort of a button press.

Know what's working

See exactly how many people viewed your event, clicked "Buy tickets," or tapped "Navigate." Real numbers, not vanity metrics.

We're launching in **7 Polish cities** (Poznan, Warszawa, Krakow, Wroclaw, Lodz, Gdansk, Szczecin) and we're handpicking our first organizers.

- **Free access — forever**

No subscription fees, no commission.
Early adopters lock in free status permanently.

- **Direct line to our team**

Tell us what you need. Your feedback shapes the product. We build this with you.

- **First-mover visibility**

Fewer venues on the map = more eyes on yours. The earlier you join, the more you stand out.

— WHAT'S NEXT? LET'S TALK.

OPTION A

Join the Beta

Claim your venue at dashboard.wydarzka.dev and start publishing events today. Takes 2 minutes.

RECOMMENDED

OPTION B

Coffee at Your Place

We'll swing by your venue, show you the app on the spot, and set everything up — face to face. 15 min.

OPTION C

Quick Video Call

Book a short call and we'll walk you through the dashboard together. 15 min.
